RE: 1941 CROP GARDEN SEEDS

Gentlemen:

NOTICE NON-WARRANTY: WE GIVE NO WARRANTY EXPRESS OR IMPLIED AS TO PURITY, DESCRIPTION, QUALITY, PRODUCTIVENESS OR ANY OTHER MATTER OF ANY SEEDS, BULBS OR PLANTS WE SEND OUT, AND WE WILL NOT BE IN ANY WAY RESPONSIBLE FOR THE CROP. QUOTATIONS SUBJECT TO MARKET FLUCTUATIONS AND UNSOLD

If you have not already placed your order for garden seeds to be delivered from the 1941 crop, we feel that for your own protection it is urgent that you do so immediately.

Values are constantly advancing and already it is becoming evident that there will be more shortages than was predicted earlier. Biennial crops such as beets, carrots, parsnip, etc. are very good property and we would suggest that if you have any stocks on hand now that you do not sell them at low prices but store them carefully so they will not be damaged or lose germination over the summer months.

Farm prices are strengthening and all costs of production of garden seeds have increased and it is reasonable to assume there may be general advances when the planting season for seed crops has passed.

The enclosed "Request For Quotations" blank is for your convenience in sending us your list of quantities for contract prices. We suggest you do this without delay.

Very truly yours,

CORNELI SEED COMPANY

KEYSTONE SEEDS FOR BIGGER BETTER CROPS

REQUEST FOR QUOTATIONS ON KEYSTONE BULK GARDEN SEEDS to CORNELI SEED COMPANY

ST. LOUIS, MO., U. S. A.

Gentlemen,19.....

GARDEN SPRAY

THIS IS THE ONE

If you could sell or use only one insecticide for Vegetables, Flowers and Fruits, This IS The One.

Highly concentrated, this new, safe, super-powerful liquid spray presents the wonder working properties of Rotenone and Derris in a new patented form: Activated, Stabilized, Scientifically Compounded, and far more Effective.

In addition to Killing insects by outside contact and as a stomach poison it also PERMANENTLY PARALYZES the legs and wings of some insects not hitherto effectively controlled by spraying. Insects so paralyzed that cannot fly or walk, do not recover and die. U. S. Department of Agriculture considers them dead. (See U. S. Treasury Specification No. 311.) Actual tests have shown effective control of the following stubborn insects:

Red Spider	Mealy Bugs	Leaf Hoppers
White Fly	Leaf Roller	Aphids (Plant Lice)
Green Fly	Rose Chafer	Colo. Potato Beetle
Mexican Bean Beetle	Cucumber Beetles	Cabbage Worms
Japanese Beetle	Harlequin Cabbage	Thrip
Spanish Fly (Bli or Beetle)	Bug	Flea Beetle
Tomato Worms	Coddling Moth	and certain others.

Dilutions vary from 1 part in 200 to 1 part in 1,000.

TripleKill is harmless to persons or animals if spilled on skin and may be sprayed on edible fruits and vegetables without leaving a dangerous poison residue.

No soap or spreader necessary; mixes readily with either hard or soft water.

DEALER PRICES

NOTE: By special arrangement with the manufacturers, the above Vigoro prices are delivered your station on orders totaling 300 pounds or more for shipment by rail only in all states except Texas and New Mexico. No allowance on truck shipments or call orders.

CONDITIONS OF SALE: This list cancels all previous quotations. These prices are for prompt acceptance, subject to prior sale and our further confirmation, and to change without notice. Prices are f. o. b. St. Louis, Mo.

NO CHARGE will be made for small cotton bags used in packing garden and flower seeds in broken bag lots, other than the quantity differential price. Heavy seamless cotton bags will be charged at value and are not returnable.

TERMS: Garden and flower seeds 2 per cent for cash in 10 days, net 60 days to firms of approved credit; otherwise C. O. D. or sight draft less 2%. Other items net cash. All accounts subject to demand draft when due. NOTE: To avoid delay when sending money orders or cash in advance for orders to be sent parcel post, please include postage covering your shipment.

NOTICE: The total quantity of a kind or species shipped at one time will determine the quantity classification in which all varieties in that kind or species will be priced except that broken bag lots shall not be considered in determining the quantity class, and each variety bought in less than bag quantity shall be priced by itself.

In determining quantity classification the following kinds of seed will be considered as of the same species:

- I. Beans and Peas
- III. Beet, Swiss Chard, Mangel & Sugar Beet
- V. Onion and Leek
- II. Corn: Table, Pop & Sweet
- IV. Celery and Celeriac
- VI. Turnip and Rutabaga
